Presidents Message

The New Jersey Beach Buggy Association is now 57 years young we have come a long way in these years from Model A's, split Bamboo Rods, Squidders with Linen Line. To Graphite Rods, Power Pro line, Van Staal's and 4x4's from every car company in the world.

I would like to welcome a board all the new members that joined up with us in the passed year and to all the members that come out to our functions and projects to support our mission to maintain beach access. If you haven't attended a function or project try to come to one and meet other members. There is a list on our web site for dates and times.

Have a fishy summer and hope to see at an Association function.

Thank you,
Paul Harris
President

www.NJBBA.org Website and E-mail Addresses

By Dave Paulick, #3648

Your website has taken on a new look. Visit it often for upcoming events and the many projects that NJBBA are involved with. We have beach clean ups, which are great for the family to work together. Another project we Honor our American Veterans by taking them fishing for the day in Stone Harbor, July and August. We also run a Youth Tournament in Sept. and take handicapped kids fishing on National Hunting and Fishing Day. Keep visiting the web for these events and many more. Volunteers are always needed so feel free to come on out, meet other members and lend a helping hand.

The Trading Post is now taking ads for all members who would like to advertise something.

Another important tool in letting you know what projects are coming up; is the Email. Keep them updated with our Membership Secretary to continue receiving reminders of an up and coming event. For a rewarding experience, volunteer.
